The College will count a maximum of 42 credit hours in the CEUS major. Anything beyond that is considered excess, and students should consult with the College advisor or College Bulletin regarding policies. Courses will typically transfer in through overseas study as undistributed coursework, and then students can work with the appropriate IU academic departments for distribution. To receive credit above the 100 level, <u>students</u> must submit a copy of the original syllabus to the relevant department as soon as possible. This is especially critical for any direct enrollment or non-Flagship required coursework. Students are also encouraged to maintain a file of completed assignments to provide in cases where the provided syllabus is not adequate to establish equivalency. Students may also be asked to acquire a translated syllabus, in English. The Turkish Flagship advisor will assist with obtaining syllabi for required Flagship coursework relevant to CEUS. This does not extend to direct enrollment courses offered outside the required Capstone curriculum.

To qualify for the Flagship academic year abroad (Capstone year), students must have an ILR Level 2 score in speaking and at least one other modality (reading, writing, listening). They may have no less than a 1+ in the remaining two categories.
